Dear Parents and carers,

Keeping Our Children Safe Online

As our children grow up in a digital world, it's essential that we help them explore it safely. Even at preschool age, children may use tablets, smart TVs, or family phones—making it important to guide their online experiences with care and awareness.

Why Online Safety Matters

- Children may stumble upon inappropriate content.
- They can be exposed to ads or in-app purchases.
- Some apps and websites collect personal data.

How You Can Help

- Use parental controls and safe search settings.
- Choose age-appropriate apps and websites.
- Talk to your child about what they see online.
- Keep screens in shared family spaces.

 **Watch Together: Meet the Techosaurus!** The NSPCC has created a fun and friendly video called **Techosaurus**, designed to help families talk about online safety in a way young children can understand. It's a great way to start the conversation and learn together:

 **More Resources** For more tips and tools to keep your child safe online, visit the NSPCC's full guide:

 [NSPCC Online Safety Guide](#)

Together, we can create a safe and positive digital environment for our children. If you have any questions or would like support, please don't hesitate to reach out.

Your sincerely

Sarah Harbour
Pre-School Manager
